## 4-H SPECIAL ACTIVITIES

**LIFE SKILLS**— In this project group you will learn life skills and consumer decision making readiness.

**F.A.C.E** for wildlife means Food and Cover Establishment for wildlife. To enter this contest you must plant one plot and keep records on it for one year. (You must have a plot of land at least 1/8 to 1/4 of an acre to plant). If you are interested please check this on your form and we will send you more information.

### **JUNIOR MASTER GARDENERS**

In this group you will meet once a month and learn everything to do with plant and soil science. This group is modeled after the Master gardeners Program. We also have a community garden that we care for.

**4-H COUNTY WIDE CLUB**  
4-12 grades— meet once per month, concentrates on Community service.

## **4-H GROUPS ANYONE CAN JOIN!**

Inside you will find a lot of information related to the awesome 4-H project's that we have to offer. Whether you are interested in raising a rabbit, showing a horse or even learning how to shoot archery we have it all. Look through this brochure and discover what you want to learn about. The best thing about it is ... “ It's for everyone”!

After you have discovered what you want to learn about just complete the back section and mail it back to us.

\*Please remember that animal projects require fenced lots, barns or sheds to house the animal. We do not give you the ani-mals, but we will help you with information as to selection, feeding, showing and mar-keting your animals. It is also helpful if planning to participate in the horse project that you have a horse but it is not mandatory.

Programs in agriculture and natural resources, 4-H youth development, family and consumer sciences, and resource development. University of Tennessee Institute of Agriculture, U.S. Department of Agriculture and county governments cooperating. UT extension provides equal opportunities in programs and employment.
